1 × 4 = 4 (2 + 2)

35. The cinema is an outstanding wonder of the modern age. It is not only a means of entertainment, but it is also in many ways an education in itself. The cinema is a very valuable teaching aid. Historical films help the teacher of History. A couple of hours spent in the company of historical characters dressed in the costumes of the period can teach us far more than we can learn from a whole week's study of a history book.

Science can be taught very effectively through films. There are educational film companies which devote their time to the

CCE RR/PR/PF

filming of the habits and customs of animals, insects, fish, germs, and numerous other branches of scientific life. We can see the hatching of the eggs of fish and their gradual development into large fish : We can watch the opening and closing of flowers and leaves. All these actions and movements are of great help in the cause of education.

a) What are the two great advantages of the cinema ?

b) How can science be taught very effectively ?

XII. Answer the following question in about 8 – 10 sentences :

1 × 4 = 4

36. What are various things that the poet Gokak wanted to sing about in the poem ?
